

We have all the top hits from each year in Top 40, Urban, Country, Rock, etc. Best of all, it's YOUR choice, customized for YOUR audience.

Knight Life DJ Service is family owned and has been in business for 18 years, with the majority of our business being Weddings. Sure, anybody can play music, but a wedding DJ needs the knowledge & experience to play music that everyone enjoys and keeps the reception going. A wedding DJ plans and coordinates the reception from the introductions & announcements to the cake cutting & specialty dances. We feel when you rent the equipment, you also hire the personality while keeping the spotlight on You!

Knight Life is . . . “Music with Personality”

We believe in offering high quality wedding entertainment at competitive prices. We are not the most expensive nor are we the cheapest. One price for the complete package, we don't nickel & dime the client for more lights, a bigger system, or a wireless microphone. The customer receives the most for the money and will work with professionals with the dedication to create an event that will always be remembered. Current DJ pricing is on our website.

We started as a wedding DJ and we remain small to provide better quality. We are well respected among event centers and other wedding professionals. We look forward to working with you, treating you with the respect and professionalism you deserve.

Knight Life has put together one of the most versatile and best sounding systems around. We use the highest quality speakers and amplifiers. The sound is filtered through and maximized which enhances and clarifies the music and vocals. This is not a home stereo system but rather a professional P.A. System built around quality of sound. Each system cost is over \$10,000 each!

Our wedding package includes personal consultation, our reception planner, dinner and dance music, professional sound and light equipment, and a formal attired DJ.

Personal DJ Wedding Package Includes:

- One Knight Life DJ in Formal Attire
- Pre-Event Planning
- 6 Hours Continuous Playing Time
- All Announcements & Grand Entrance
- One Cordless Microphone (If Needed)
- Drive Time, Setup & Teardown
- Complete Light Show
- Professional Quality Sound System

Our music has been converted over the years to a fully 100% digital format played on dedicated computer systems. We also play compact discs. Our music collection contains all the hot hits from the 1920's to current day! That's a diverse and large selection of almost 30,000 songs! Much of our music comes from promotional only companies, the same that radio stations receive and are not available to the general public. Radio edited versions make songs safe to play for all ages.

WEDDING FACTS

A "Modern Bride" survey estimated the yearly total spent on weddings is \$72 billion.

72% of all brides say they would have spent more time choosing their reception entertainment.

Almost 100% say they would have spent more of their budget on the entertainment.

During wedding planning, Brides say their highest priority is their attire, followed by the reception site and caterer - reception entertainment is among the least of their priorities. Within one week after their reception, 78% of Brides say they would have made the entertainment their highest priority.

When asked 81% of guests say the thing they remember most about a wedding is the entertainment.

65% of all couples that chose a band to entertain at their wedding, said, if they had it to do over again, they would have chosen a wedding DJ.

Surveys show 63% of reception guests did not remember what they had for dinner, but DID remember the entertainment.

Martha Stewart is quoted in her magazine as having said, "The entertainment you choose for your wedding, or party is responsible for 80% of the event's success, and the memories you will have for the rest of your life."
